

Improving HEDIS Scores for IMA

- ❖ Use the Washington State Immunization Information System to register immunizations: www.waiis.wa.gov
- ❖ Administer immunization during appropriate time frame
- ❖ Recommend immunizations to parents. Parents are more likely agree with vaccinations when supported by the provider. Address common misconceptions about vaccinations
- ❖ Train office staff to prep the chart in advance of the visit and identify overdue immunizations
- ❖ Make every office visit count. Take advantage of sick visits for catching up on needed vaccines
- ❖ Institute a system for patient reminders
- ❖ If any immunizations are missing, please include proper documentation about parental refusal, immunizations given at health departments, immunizations given in the hospital at birth, contraindications or allergies
- ❖ Molina Healthcare offers a member Health Incentive program for Adolescent Well Care. For more information, please call WA Molina's Wellness Quality Line at (800) 869-7175 Ext. 141428

Well-Child Visit first 15 Months of Life (W15)—Hybrid

Percentage of children who had between one and six or more well-child visits by the time they turned 15 months of age during the measurement year.

| Needed documentation in Medical Record | Correct Billing Codes for Well Child Visits |
|---|--|
| <ul style="list-style-type: none"> • Health history • Physical developmental history • Mental developmental history • Physical exam • Health education/anticipatory guidance | <p>CPT®: 99381, 99382, 99391, 99392 ICD-10-CM: Z00.110, Z00.111, Z00.121, Z00.129, Z00.5, Z00.8, Z02.79, Z02.81-Z00.83, Z02.89, Z02.9</p> |

Improving HEDIS Scores for W15

- ❖ Avoid missed opportunities by taking advantage of every office visit (including sick visits) to provide a well child visit, immunizations and lead testing
- ❖ Complete six (6) visits **on or prior** to 15 month birthday
- ❖ May allow 2 weeks between visits, if needed, to catch-up on Well Child Care visits
- ❖ Make daycare physicals into well-care visits by performing and documenting the required elements and submitting appropriate codes
- ❖ Medical records need to include the date when a health and developmental history and physical exam was performed and what health education/anticipatory guidance was given
- ❖ Use standardized templates in charts and in EMRs that allow checkboxes for standard counseling activities
- ❖ Molina Healthcare offers a member Health Incentive program called Healthy 15-Month-Olds. For more information, please call WA Molina's Wellness Quality Line at (800) 869-7175 Ext. 141428

Well-Child Visits ages 3-6—1 annual visit (W34)—Hybrid

Percentage of children 3, 4, 5 and 6 years of age who received at least one well-child visit with a PCP during the measurement year.

| Needed documentation in Medical Record | Correct Billing Codes for Well Child Visits |
|---|--|
| <ul style="list-style-type: none"> • Health history • Physical developmental history • Mental developmental history • Physical exam • Health education/anticipatory guidance | <p>CPT®: 99382, 99383, 99392, 99393 ICD-10-CM: Z00.121, Z00.129, Z00.5, Z00.8, Z02.0, Z02.2, Z02.5, Z02.6, Z02.79, Z02.81-Z00.83, Z02.89, Z02.9</p> |

Improving HEDIS Scores for W34

- ❖ Avoid missed opportunities by taking advantage of every office visit (including sick visits) to provide a well child visit, immunizations and BMI percentile calculations
- ❖ Make sports/daycare physicals into well-care visits by performing and documenting the required elements and submitting appropriate codes
- ❖ Medical records need to include the date when a health and developmental history and physical exam was performed and what health education/anticipatory guidance was given
- ❖ Use standardized templates in charts and in EMRs that allow checkboxes for standard counseling activities
- ❖ Molina Healthcare offers a member Health Incentive program Well child Check Ups, Ages 3, 4, 5 and 6. For more information, please call WA Molina's Wellness Quality Line at (800) 869-7175 Ext. 141428

Adolescent Well Care Visits—annual visit 12-21 years (AWC)—Hybrid

Percentage of adolescents 12-21 years of age who had one or more well-care visits with a PCP or OB/GYN during the measurement year.

| Needed documentation in Medical Record | Correct Billing Codes for Well Child Visits |
|---|---|
| <ul style="list-style-type: none"> • Health history • Physical developmental history • Mental developmental history • Physical exam • Health education/anticipatory guidance | <p>CPT®: 99384-99385, 99394-99395 ICD-10-CM: Z00.00, Z00.01, Z00.121, Z00.129, Z00.5, Z00.8, Z02.0-Z02.6, Z02.71, Z02.79, Z02.81-Z02.83, Z02.89, Z02.9</p> |

Improving HEDIS Scores for AWC

- ❖ Every office visit (including sick visits) counts to provide a well-care visit, immunizations and BMI value/percentile calculations
- ❖ BMI values should be calculated and documented at every visit
- ❖ A sick visit and well child visit can be performed on the same day by adding a Modifier -25 to the sick visit, and billing for the appropriate preventative visit. Molina will reimburse both services in accordance with Modifier -25 guidelines
- ❖ Make sports/day care physicals into well-care visits by performing and documenting the required services and submitting appropriate codes
- ❖ The medical record needs to include the date when a health and developmental history and physical exam were performed and health education/anticipatory guidance was given
- ❖ Use standardized templates in charts in EMRs that allow checkboxes for standard counseling activities
- ❖ Molina Healthcare offers a member Health Incentive program for Adolescent Well Care. For more information, please call WA Molina's Wellness Quality Line at (800) 869-7175 Ext. 141428

Weight Assessment—Weight Assessment and Counseling for Nutrition and physical Activity for Children/Adolescents(WCC)—Hybrid
